India and U.S.A.; **Former:** PE Investor – FirstRand Bank; Biz Head – Tata Group; Director – Parsons Brinckerhoff; Officer (IRSE) - Ministry of Railways; G.O.I.; Associate – Booz Allen & Hamilton, U.S.A.; Co-General Manager, Underwriters Labs, U.S.A.

Who are Gifted Students? Students in top 10% or who can be in top 10% with Mentorship. Gifted learn at higher pace; have higher depth of understanding and have varied interests.

What problems are we solving for Gifted? Gifted get bored/lazy in normal classrooms, underachieve and hence don't reach their full potential; Gifted grow bitter and frustrated in normal classrooms that lack creativity and which force them towards rote learning; Gifted excel in many subjects and need guidance to focus on the right passion areas; **No gifted programs in India** so lack of advanced development opportunity for gifted students in normal classrooms in India; Unaware/Busy Parents of gifted leads to wrong/late career decisions and depression; Lack of right role models and psychosocial support to gifted from adults other than parents.

How are we solving these problems? GyanAngels has launched **"Gifted Mentorship Program (GMP)"** which is **India's first research-based, structured mentorship program aimed at Gifted Students (Class 6 to 12)** in Schools/Coaching's to nurture love of learning and excellence in subjects of their interest (math, science, humanities, economics, business, commerce).

Expected Outcome of GMP: Mentor empowered, self-directed, advanced learning in subjects of interest; Higher academic aspirations and Better Grades; Psychosocial Development

What is Gifted Mentorship? In U.S.A., Gifted children are benefiting through structured mentorship programs that accelerate learning. Gifted Mentorship involves an "expert" mentor helping a less experienced school student reach a major life goal by providing guidance, support and encouragement. **We can nurture giftedness in your child through right mentorship.**

GMP Design: One-on-One, long-term gifted mentorship program designed as per global best practices and research in U.S.A. gifted education. **Brilliant "Gifted" college students from top colleges (IITs, NITs, Medical) are being trained as mentors by GyanAngels and matched with gifted students as long-term mentor and role model.** Program will be monitored and evaluated by trained mentor coordinators (Education/Psychology Grads).

Contact Us: To register your child, please send mail to viveks@gyanangels.com or message at +91-9810124472/+91-9810124472. **Hurry, Seats are filling fast!**
